

Bryan Arley Ortiz Lasso

Software Engineer | Java Backend Developer

✉ bryanarleyortiz@gmail.com ☎ 3242893418 📍 Medellín, Antioquia, Colombia

PROFESSIONAL SUMMARY

Software Engineer specializing in Java backend development with nearly four years of professional experience building enterprise applications, RESTful APIs, and scalable backend solutions using Java and Spring Boot. Experienced in SQL performance optimization, CI/CD implementation with Jenkins, and developing maintainable software following object-oriented design principles. Strong background in Oracle, SQL Server, MySQL, Hibernate/JPA, Agile Scrum, and AI-assisted development tools to improve productivity and code quality.

WORK HISTORY

Somos Gestión Positiva S.A.S. 11/2022 – Present

Software Engineer

- Develop and maintain enterprise applications using Java, Spring Boot, JavaScript and jQuery.
- Build RESTful APIs and business modules.
- Optimize SQL queries and backend performance using Oracle, SQL Server and MySQL.
- Implement CI/CD pipelines with Jenkins.
- Design and implement integrations with third-party services and REST APIs.
- Troubleshoot production issues and improve application reliability.
- Collaborate in Scrum teams and leverage AI-assisted development tools.

EDUCATION

Software Development 2026

Instituto Tecnológico Metropolitano (ITM)

Currently pursuing.

TECHNICAL SKILLS

Programming

- Java
- JavaScript
- SQL

Databases

- Oracle
- SQL Server
- MySQL

Frontend

- JavaScript
- jQuery
- HTML
- CSS

Backend

- Spring Boot
- Spring Framework
- REST APIs
- Hibernate / JPA
- Object-Oriented Programming (OOP)
- Maven

DevOps

- Git
- GitHub
- Jenkins (CI/CD)
- AWS (Basic)

Practices

- Scrum
- SQL Optimization
- Production Support
- AI-assisted Development

LANGUAGES

- Spanish — Native
- English — Intermediate (Continuously improving)
